

L'ESPACE INTÉRIEUR – LE PENTAGONE CENTRAL

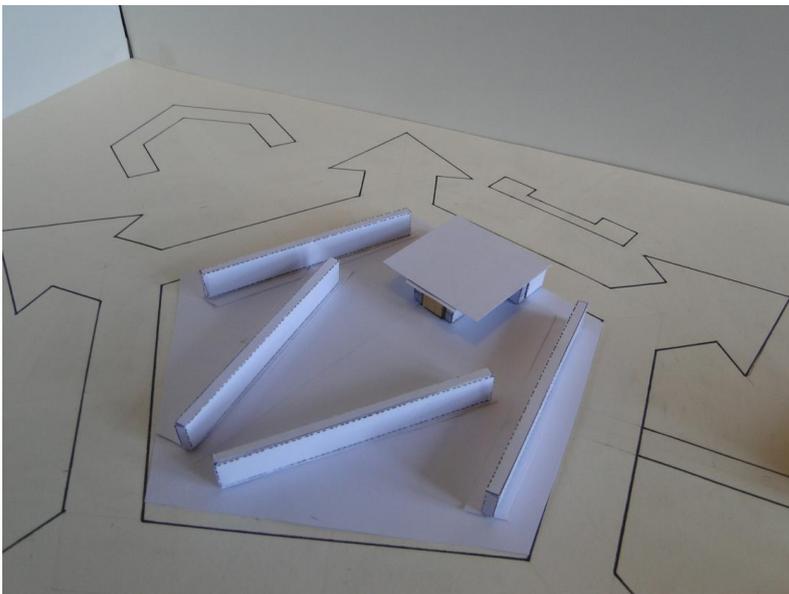

Cet espace est celui de vie des militaires, des animaux et des matériels.

Il repose ici sur un pentagone central de papier vert collé sur un support de papier épais.

Pour les redessiner, il suffit d'y replacer les courtines et de tracer le pentagone qui s'y forme.

L'espace central dans lequel on découpera l'accès à la descente (voir supports page suivante)
