

MAQUETTE D'UN GYMNASE

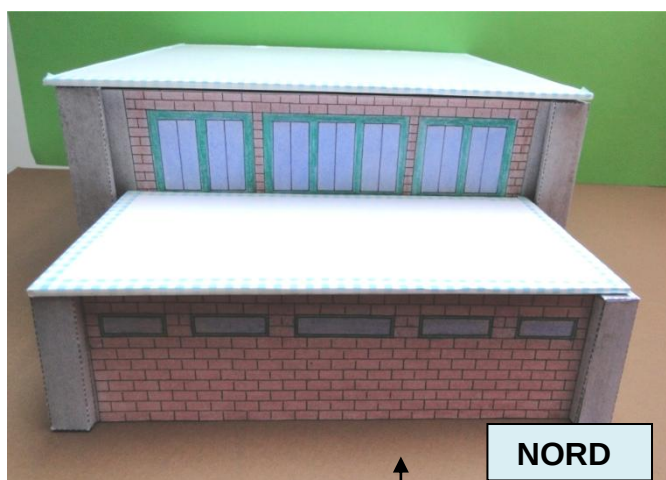

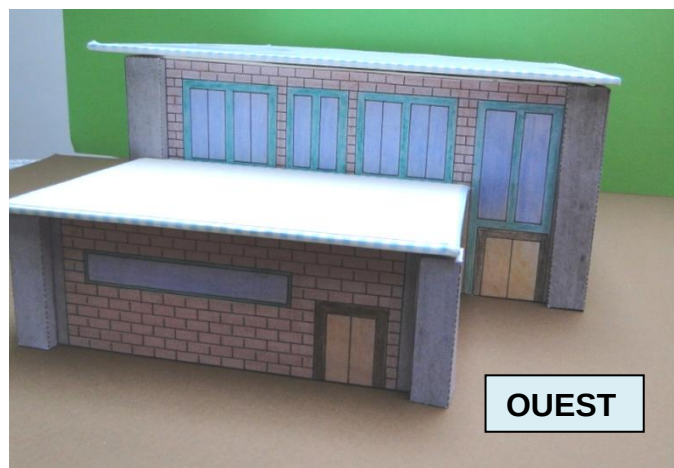

GRANDE SALLE

avec :

- petite tribune,
- terrain de volley-ball

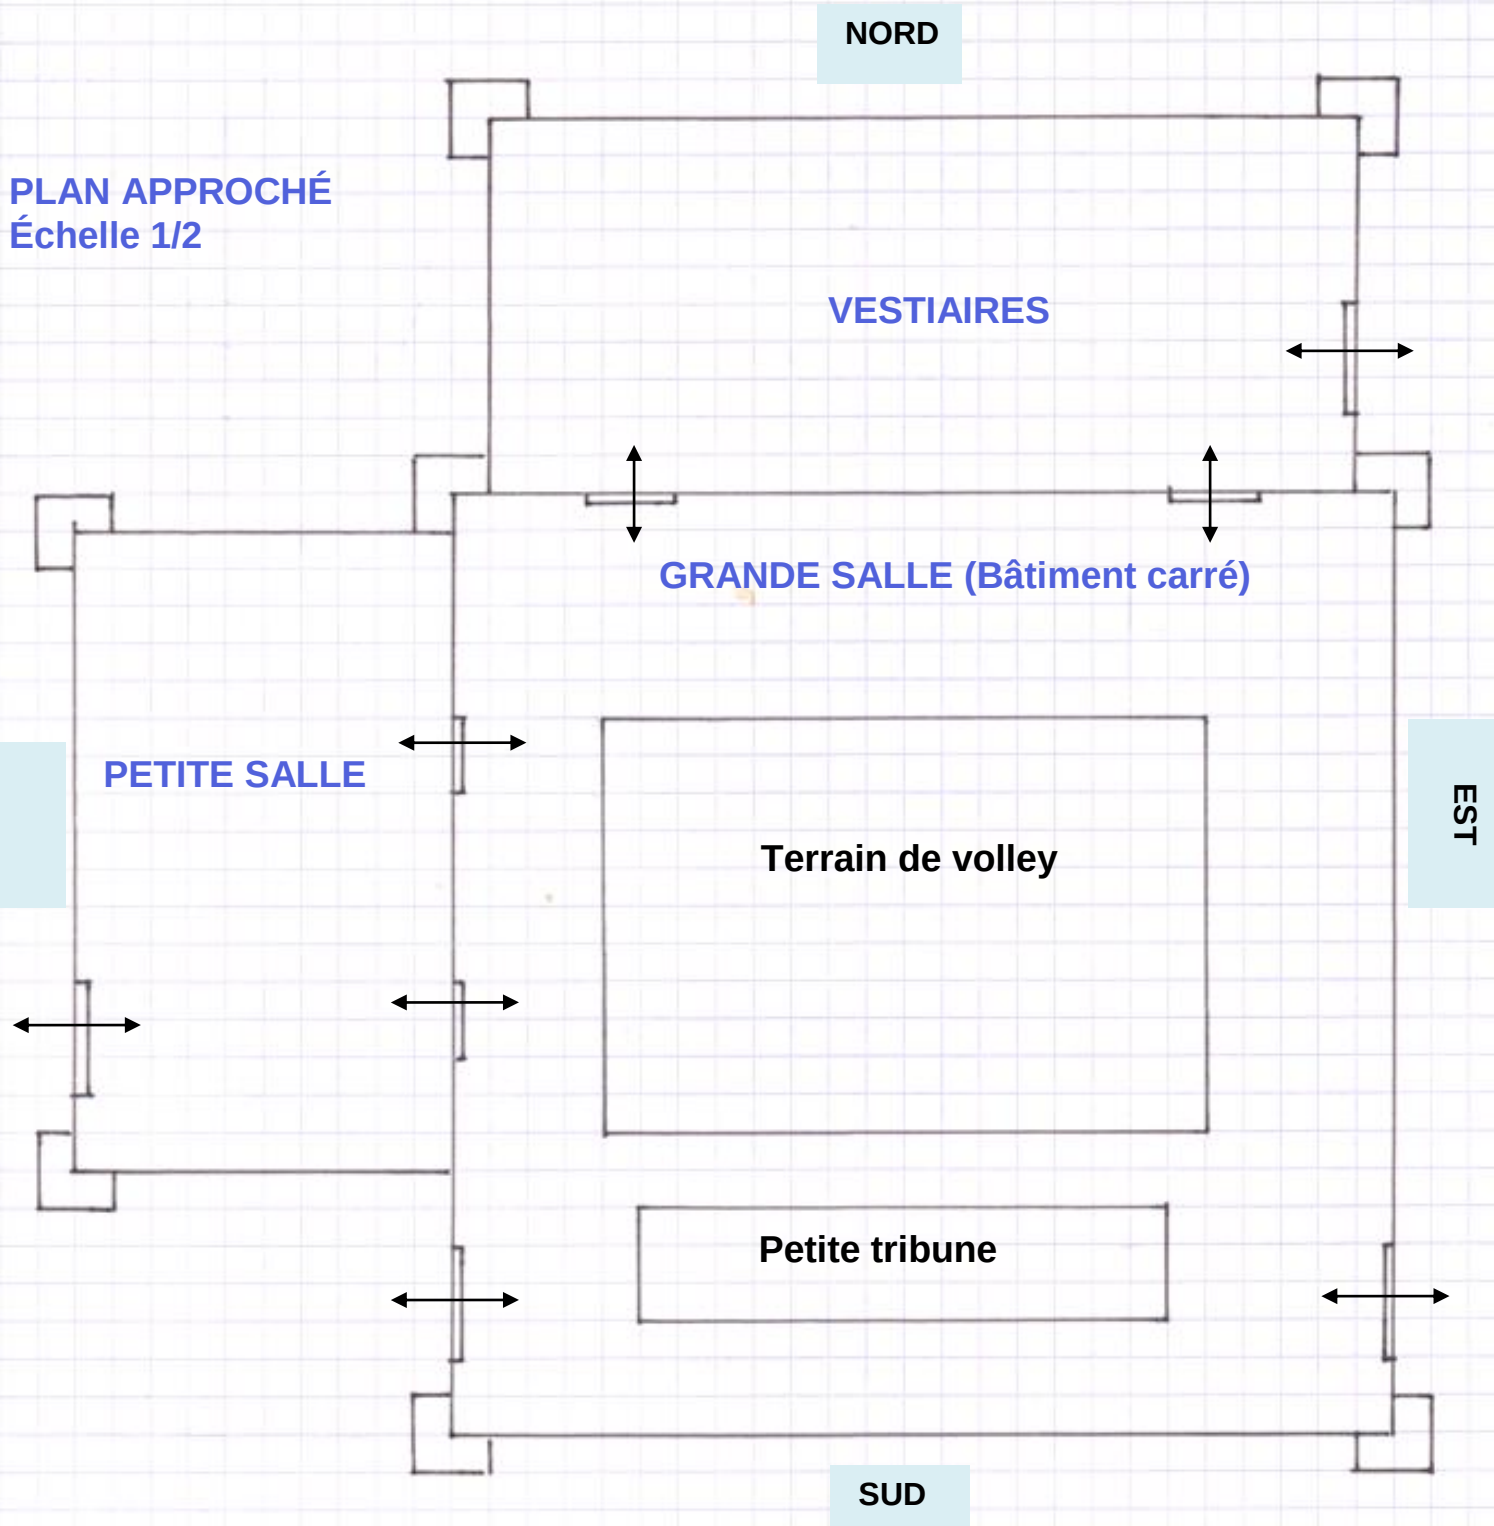

PETITE SALLE qui peut être au choix :
salle d'échauffement, de musculation,
de rangement...

VESTIAIRES

PLAN APPROCHÉ
Échelle 1/2

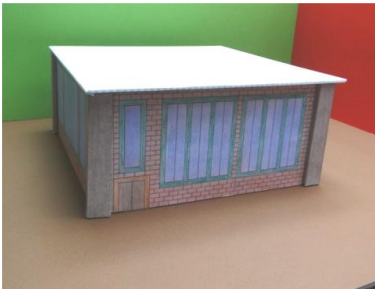

Pour construire la structure de l'ensemble du gymnase, utiliser du carton plume de 3 mm.

- 4 rectangles de 25cmx12cm pour les quatre murs du bâtiment carré.
- 2 rectangles de 10cmx6cm et un rectangle de 20cmx6cm pour les vestiaires.
- 2 rectangles de 10cmx6cm et un rectangle de 17,5cmx6cm pour la petite salle
- Les monter grâce à 4 grands piliers d'angle et 4 petits (voir la fabrication plus loin)

Nous vous proposons plus loin des pages à imprimer sur papier 80g puis à colorier et coller sur les éléments de structure.

Les pages à imprimer sur papier 160g sont à colorier, découper et coller pour obtenir des volumes.
